*wool and the gang*

i'm absolutely fallen for this fantastic knitwear brand i discovered some time ago. knitting is really getting more and more presentable again. i should truly think about getting myself some embroidery needles and join the movement. but since i'm rather a lousy knitter and due to my time-consuming studying i'm regretfully not having enough time for this notable and wonderful handicraft. therefore i thank god for wool and the gang! in their fantastic webshop you can find - among loads of other adorable pieces - all of these knitwear items shown below:
